

# INSTALLATION MANUAL

## GRANITE SERIES SWITCHERS

Versatile high power switching units

### SPECIFICATIONS

Frequency Response:	20 Hz-20KHz -.5db, -2.0db
Size:	17"W x 8.375"D x 1.625"H
Mounting:	Free standing or rack mountable

Your GRANITE SERIES(tm) switcher is designed to provide high power switching in a versatile package. This unit allows the user to connect additional GRANITE SERIES(tm) switchers to allow control of more speaker pairs. GRANITE SERIES(tm) switchers can be rack mounted or free standing allowing flexible set up.

### INSTALLATION

Wiring should be completed by following the wiring diagram on the back of this sheet. Wires should all be stripped about 1/4", and tightly twisted to eliminate any chance of short circuits caused by stray wires. Keep in mind that the load capacity of the stacked units is 24 pairs of 8 Ohm speakers and 12 pairs of 4 Ohm speakers.

### WARRANTY

Your AUDIOPLEX TECHNOLOGY® GRANITE SERIES(tm) switcher is covered by a 10 year warranty against any defects in workmanship and materials. Any defects will be remedied without charge for labor or parts during this period of time following the date of purchase.

Damage incurred by shipping or accident is not considered to be a defect, and not covered by this warranty. AUDIOPLEX TECHNOLOGY® is not responsible for defective operation caused by abuse or by modification or service by any unauthorized person or agency.

The unit must be properly installed and operated according to instructions for the warranty to apply. Any necessary servicing must be done by AUDIOPLEX TECHNOLOGY®. The unit must be returned expenses prepaid, with written authorization from the company. The product must be shipped with proof of purchase and in the original carton and packing material to avoid damage. This warranty gives you specific legal rights. You may have other rights which vary from state to state.
