## AUDIOPLEX<sup>®</sup> TECHNOLOGY

### PRO CAT

Remote Location Microphone Interface

#### SPECIFICATIONS

Front Connectors:	Female XLR
Rear Connector:	Screw Type
Power:	9 vac power supply included

The PRO CAT uses low noise amplification to send a signal from the base microphone to a remote sound system over Cat-5 wire. Follow the wiring diagram below, noting the wire locations are different on the transmitter and receiver plates. The signal gain can be adjusted via a trim pot on the back of the transmitter plate.

#### WARRANTY

Your AUDIOPLEX TECHNOLOGY<sup>®</sup> PRO CAT is covered by a LIFETIME warranty against defects in workmanship and materials. Any defects will be remedied without charge for labor or parts.

Damage incurred by shipping or by accident is not considered to be a defect, and not covered by this warranty. AUDIOPLEX TECHNOLOGY<sup>®</sup> is not responsible for defective operation caused by abuse or by modification or service by any unauthorized person or agency.

The product must be properly installed and operated according to instructions for this warranty to apply. Any necessary servicing must be done by AUDIOPLEX TECHNOLOGY<sup>®</sup>. The product must be returned expenses prepaid, with written authorization from the company. The product must be shipped with the proof of purchase and in the original carton and packing material to avoid damage.

This warranty gives you specific legal rights. You may have other rights which vary from state to state.
