

The best thing about home theater wiring.... is not seeing it.

Introducing the Audioplex HT Series home theater termination plates

***Neat Installations
Easy to swap components
Four Versions!***

Audioplex is pleased to introduce our new HT Series home theater wall plates. Designed to provide a finishing touch to any home theater installation, these plates are available in four versions and come in a variety of colors.

Featuring gold binding posts and RCA/F jacks for excellent sound performance, the HT Series are available for 5.1, 6.1, 7.1 and 9.1 theater systems.

- Use with single or double banana plugs or stripped wire
- Accepts up to 12 AWG speaker wire
- Gold binding posts and RCA/F jacks
- Gold plated connectors for excellent sound performance
- Fits two gang box or low voltage mounting bracket
