**AUDIOPLEX TECHNOLOGY® INTRODUCES
NEW LINE OF SLIDE VOLUME CONTROLS**

MELVIN VILLAGE, NEW HAMPSHIRE - Audioplex Technology introduces the the latest in it's line of quality volume controls, the new slide switch SLVC75 and SLVC200.

The new SLVC75 and SLVC200 slide volume controls offer the same specifications as our standard VC75 and VC200 volume controls but replace the rotary switch with a silky smooth operating slide switch. The controls are available in both standard version and with OptiMatch impedance matching. Now when an installation requires slide volume controls, you can count on the same high level of quality and service that you've come to expect from Audioplex technology. Like most of our product line, the SLVC75 and SLVC200 are hand crafted in the USA in our own factory and come with a lifetime warranty!

Audioplex Technology's main office and factory is located in Melvin Village, NH. Audioplex manufactures a full line of Infrared Repeating systems, as well as volume controls, swtichers, amplifiers and impedance matching products. All products come with a lifetime warranty against defects in workmanship and materials. Custom component design is also available. For more information or to receive a complete product catalog, please call 1-800-257-2077. Information is also available on the World Wide Web at www.audioplex.com.
